## Education

### Nirma University

*Masters of Computer Applications (CGPA: 7.4 / 10)*

Sept 2021 - May 2023

Ahmedabad, Gujarat

### Bhagvan Mahavir College of Computer Application

*Bachelor of Computer Applications (CGPA: 8.2 / 10)*

June 2017 - July 2020

Surat, Gujarat

## Experience

### weetech solution pvt ltd

*Web App Developer*

June. 2023 – June. 2024

Surat

- I'm a passionate web developer with a year of experience at WeeTech Solutions Pvt. Ltd. During this time, I've honed my skills in both front-end and back-end development, working on various projects. I'm proficient in writing clean, maintainable code and utilizing Git for version control. My focus on code optimization and best practices ensures efficient applications and a smooth user experience
- Beyond technical expertise, I value clear communication and teamwork. I effectively collaborate with clients, keeping them informed on project progress, and act as a mentor to junior developers, fostering a collaborative and supportive development environment. I'm eager to leverage my skills and experience to contribute to new and exciting challenges

### Rapidops Inc.

*NodeJS Developer*

Jan. 2023 – June 2023

Ahmedabad

- Assisted senior developers in coding, testing, and debugging software applications. I gained practical experience in JavaScript, NodeJS, and related technologies. Collaborated with team members on various web application development projects
- Developed and implemented features based on project requirements. Improved and optimized existing codebases for better performance and scalability. Participated in daily stand-ups and sprint planning meetings, contributing to agile project management. Acquired valuable skills in teamwork, communication, and problem-solving through active participation in project discussions and troubleshooting sessions. Engaged in code reviews, providing and receiving constructive feedback to enhance code quality.
- Acquired valuable skills in teamwork, communication, and problem-solving through active participation in project discussions and troubleshooting sessions.

## Projects

### Email Client | *Express.js, Apache Kafka, CockroachDB, Dependency Injection, Clean Coding, Unit Testing, Google Gmail APIs*

- Designed and developed a web-based email client using Nodejs. Implemented email composition, sending, and receiving with attachment support. Integrated third-party libraries for email parsing.

### Online Web Tools | *Javascript, Angular, Bootstrap*

- This project is a collection of various free online tools built with Angular and Bootstrap. Explore a range of utilities, each designed to make your tasks easier and more efficient.
